Dear Mike,

I've been with [Indymac](#) for nearly 5 years, and I can honestly say this is **BY FAR** the best company I have ever worked for. Your leadership skills are truly amazing. I'm very fortunate that my career at Indymac allowed me to work with the Executives; the education I have received from watching you operate Indymac is most valuable, and not attainable through school, and I am very thankful for that.

You're a very strong leader, and if I ever have the opportunity to work for you again in the future, know that I'll gladly join your team in a heart beat!

I wish you all the best in success and health! Please do keep in touch...

Very Best Wishes,
