

Subject: Thank you

Hi Mike,

At this time with everything going on, we tend to forget about the positive things that have happened at [IndyMac](#) and how much you and many others accomplished. I just wanted to write you a quick note thanking you for your management style and everything you have done at IndyMac and for IndyMac. I have been with the company since Dec 1993 and have seen many many changes. Some changes positive and some negative but some how we always got through those times. Do you remember when everyone had to stop working around 3 every day so Roland could run his report? Or IT yelling on the floor "Focus is up". Those days were tough and everyone worked there hardest while having fun because we knew we would be successful.

We have been successful and no one can ever take that away. I can not believe it has been a little of 2 yrs when Pasadena funding did 75 million on the last day of March 2006.(I was the Funding Manager ☺) Who thought it would end like this back then.

Again, Thank you for your leadership and all your ideas that made IndyMac successful for so many years. You can also take away that many employees have mentioned to me if this did not happen they would; including myself come back to IndyMac in a heart beat.

Mike, this place was not a job for me and many others but it was part of our family.

So I wish you great success on your future endeavors. If you ever need a hard working, dedicate employee below is my information.

As of today, I have been asked to stay so I can still proudly say "I work at IndyMac".

Until our paths cross again,

Sincerely,
