Mr. Perry,

You are a great leader and I thank you for your guidance throughout the years. I will always remember your inspirational e-mails and your positive can do attitude. You believed in all of us. I was hoping that you could stay till Indy Mac got through this rough patch, but fate holds a new chapter for you. There is a really good book, "When God Doesn't Make Sense", by Dr. James Dobson. This book has helped me understand the tough times in my life.

God Bless you,
