Subject: Re: Thank You

You have been an insperation to many, many people. I personally owe you and my management team a huge debt of gratitude. Your compasion as a leader allowd me to move back to Michigan to help out my mother and father in their time of need.

It has been a pleasure to work for you Mike and I will do so again if given the opportunity.

My prayers are with you and your family. I will work hard for as long as they will have me. You taught us all to look forward and maintain the highest work ethic possible. Thanks for everything, V
